

Image Licensing for Commercial and Non-Profit Use

I truly appreciate your interest in using my images in your publication. I am passionate about sailing & promoting the sport and I would love to help you promote your business or non-profit organization as well with my quality nautical images. I often get requests to trade photo usage for a photo credit, even though I like to see my name in print, it does not cover my expenses. After all, I work to support my family just as you do.

Image licensing rates start at \$75/image for all commercial organization communications: print, email or on-line, and discounts will be applied for 5 or more images.

Image Licensing for non-profit sailing organization communications: print, email or on-line, is \$10/image for local groups and \$25/image for national and international groups.

I would love to help you promote your business or sailing organization with my quality images.

Describe how you you would like to use the images, which images you would like to use and we'll go from there.

Thank you for your interest in my work,
